SIDEWALK IS WANTED.

Property-owners Petition for Improvement at Smiths Point.

O. Paulson and 30 other property-owners and merchants filed a petition at the auditor's office yesterday, asking the city to donate funds toward the construction of a sidewalk around Smiths point. The petition will be presented to the council at its next meeting and reads as follows:

"Your petitioners respectfully represent that they are desirous of constructing a sidewalk, four feet wide, from the west end of the present plank roadway on Taylor avenue to the Universal Sash & Door company's mill; that the construction of such a sidewalk is necessary, both for the convenience of residents of that portion of the city and to protect the grade of the recently constructed roadway by the county from being injured by cows running over the embankment. That it is our purpose to construct such sidewalk, with such assistance as we can get from others and from the public. We, therefore, ask that the city will assist us in the construction of said sidewalk, in such way and to such extent as to your honorable body will seem just and proper."

PRELIMINARY EXAMINATION.

The preliminary examination of Martin Tipich on an information charging him with adultery took place in Justice Goodman's court yesterday. Andrew Mardesich, the injured man, taking the stand. Attorney John H. Smith assumed the defense, while Charles H. Auercomb, assistant district attorney, appeared for the prosecution. Taking the testimony of Mardesich required the entire afternoon. The case attracted a great number of friends of the plaintiff and defendant.

SALMON RUN LIGHT.

There was a further decrease in the salmon run yesterday. Of the seiners and gillnetters none reported an average catch. Several boats returned without any fish at all. Fishermen, however, are hopeful and predict that a good-sized run will materialize before the end of the season. It will be impossible, though, at this late day to pack the average quantity of fish.

TO HAVE GOOD SHOWS

Regatta Company Lets Contract for Concessions.

FLAT RATE TO BE PAID

Lewis and Clark Carnival Company Will Furnish Attractions—Free Balloon Ascension Daily—Meeting Held Last Night and Matters Considered.

A meeting of the Regatta company was held at the Commercial headquarters last night, and various matters taken under consideration. Probably the two most important features of the meeting were the signing of a contract with the Lewis and Clark Carnival company for six attractions during the regatta and the announcement that Brown's 25-piece band will probably be engaged to furnish music.

The Lewis and Clark Carnival company was represented by Colonel Case, an old Indian fighter, who closed the deal, and the members of the Regatta company feel they have made a very good contract. The Carnival company will pay a flat rate of \$4000 to maintain six shows during the regatta and there is the possibility that the payment will be increased.

Besides the six regular pay concessions the Carnival company is obligated to give a free balloon ascension and parachute jump every day, a feature which proves popular at any kind of a festivity. A good aeronaut will be engaged for the ascensions. The subject of music was given serious consideration last night and while the proposition to entertain the engagement of the local band was weighed, it was finally decided that it would be best to obtain a band of prominence. Brown's band of Portland, an organization of 25 pieces, under eminent leadership, and which will play shortly at the Lewis and Clark exposition, will probably be engaged for the regatta period.

F. R. Stokes, C. R. Morse and Thomas Ryrie were appointed as an auditing committee upon which will devolve the task of going over all bills and affixing the stereotyped "O. K." before they will be paid. On motion of Albert Dunbar, the fund for sundry expenses, amounting to \$250, was placed in charge of President Wise, who will look after petty accounts.

Shooting matches have been arranged to take place in front of the grandstand every day. A number of good marksmen will appear and it is expected that some unusually good matches will be witnessed. Reports of the several committees were received, but contained nothing of importance. Money was appropriated for various funds, including fireworks, racing awards and others.

Chief of Police Edward Hallock and his colleagues of the committee on sports are working strenuously in order that their features during the regatta may prove not only interesting but well patronized. What they wish particularly are contestants for the log-rolling contests, and all those who wish to enter these exciting tests of physical manhood should communicate with the chief immediately. Mr. Hallock wants log-rollers from all the camps. He said last night:

"Why, there will be thousands of people here from the East who have come to visit the exposition. They have never seen a log; let alone a log-rolling contest. Do you get the idea? We want to show 'em. And while we want log-rollers we also want swimmers and men to participate in all the water contests. We have \$420 to give away and it is up to somebody to get it."

ESCAPES WHIPPING POST.

Knappa Man Arrested for Wife Beating, But Escapes Penalty.

E. L. Mitchell of Knappa was arrested yesterday by Constable Utzinger and charged with wife beating. Mitchell, however, escaped the "nine-tail" reformation. When the case was called in Justice Goodman's court the wife agreed to have the information charged to a charge of assault and battery, on the condition that her husband openly acknowledge his guilt and promise never to strike her again. On doing this and agreeing to support his family, Mitchell was allowed to go, paying the costs.

TRICOLOR GIVEN UP

Underwriters Give up Attempt to Save Her.

LODGED AMONG THE ROCKS

No Effort Will Be Made to Save Any of the Machinery—Vessel Is Barely a Year Old and Cost \$300,000—Is Fast Breaking Up.

San Francisco, Aug. 14.—The Norwegian collier Tricolor has been abandoned by the underwriters, as they find she is so lodged among the rocks that it will be impossible to get any vessels alongside to help her. Captain John Metcalf, Lloyd's surveyor, and James Mickey have returned from the place where she lies and they report that she is lying on such a rocky bottom that it will be useless to make any attempt to save her. There will be made no attempt on the part of the underwriters to save any of the machinery owing to the rocky condition of the bottom of that vicinity, and the uncertainty of the weather. The Tricolor went ashore July 24. She is barely a year old yet. She cost about \$300,000.

CORPSE ON NORTHERN REEF.

Bark From Seattle Meets Destruction Near Prince of Wales.

Seattle, Wash., Aug. 14.—The bark Coryphene has been wrecked in Northern waters by striking a reef 15 miles off Cape Prince of Wales. Advice received in Seattle are to the effect that the passengers and crew, numbering 30 persons, escaped in the small boats.

Captain Woodin of San Francisco, owner of the vessel, was a passenger with his wife. They reached Nome on the steamer Corwin. The Coryphene sailed from Seattle early in June.

MRS. M. ANDERSON NARROWLY ESCAPES DROWNING.

Rescued from Precarious Position Which Might Have Resulted in Death.

Mrs. M. Anderson, who has lived here for 21 years, while attempting to drink from a creek on the Lewis and Clark yesterday suddenly lost her strength and remained with her lips and nostrils under water for some time. She was found in this precarious position by a man named Heckardt and taken to a house nearby, where an attempt was made to resuscitate her.

Efforts proving futile, Sheriff Linnville was telephoned for and, accompanied by Watson Binder, went out on the Lewis and Clark late last night and brought the unfortunate woman to this city, where she was placed in the hospital.

Mrs. Anderson left here Friday for a visit to the farm of Andrew Olson on the Lewis and Clark. Yesterday morning she started for a walk. Coming to a creek she tried to take a drink by sprawling on the bank. While in this position Mrs. Anderson became suddenly weak and could not arise. She would doubtless have drowned had not Mr. Heckardt happened along at an opportune moment.
